

# Devolutions Recognized as a March 2019 Customers' Choice for **Privileged Access Management**

## Devolutions Recognized as a 2019 Gartner Peer Insights Customers' Choice for Privileged Access Management

---

**DEVOLUTIONS EARNED AN  
AVERAGE RANKING OF 4.8 STARS,  
WHICH WAS THE HIGHEST OF ALL  
RECOGNIZED VENDORS**

---

We are delighted to share that Devolutions has been recognized as a [2019 Gartner Peer Insights Customers' Choice for Privileged Access Management](#).

Gartner defines Privileged Access Management solutions as those that **help organizations provide secure privileged access to critical assets, meet compliance requirements by managing and monitoring privileged accounts and access**, and offer tools that enable security and risk leaders to:

- Discover privileged accounts on systems, devices and applications for subsequent management.
- Automatically randomize, manage and vault passwords and other credentials for administrative, service and application accounts.
- Control access to privileged accounts, including shared and "firecall" (emergency access) accounts.
- Isolate, monitor, record and audit privileged access sessions, commands and actions.

Gartner Peer Insights Customers' Choice recognizes vendors in the Privileged Access Management market that have earned a high rate of customer satisfaction. Gartner maintains rigorous criteria, and all recognized vendors must have a minimum of 50 published reviews from verified professional end users, along with an average rating of at least 4.2 out of 5.

Devolutions earned **an average ranking of 4.8 stars, which was the highest of all recognized vendors** with at least 50 published reviews. Overall, Devolutions has been [reviewed 70 times](#), of which 53 are 5-star reviews.

**We'd like to say thank you to all our users around the world** who took time to write a review and help Devolutions get on this prestigious list! If you haven't already, please share your own story on Peer Insights [here](#).

### **From Our CEO David Hervieux:**

*"The Gartner Peer Insights Customers' Choice program is extremely credible and valuable, because rankings are directly determined by verified customers who base their unbiased and objective feedback on actual day-to-day experience in their environments, and across their teams. We believe that this recognition highlights our longstanding commitment to listen to our customers and build intuitive, easy-to-use solutions that help them function in a secure, efficient, and productive manner."*

Last year, Devolutions was [listed in Gartner's 2018 Magic Quadrant for Privileged Access Management](#) for its PAM solution, Devolutions Password Server and Remote Desktop Manager.
