## How to Get It

**If you currently have an active RDM Enterprise License**, you'll be automatically prompted to upgrade to version 12.5 the next time you log on. Or, you can get it right now from

<https://remotedesktopmanager.com/Home/Download>

**If your RDM license has expired**, it's the ideal time to renew since you'll benefit from all of the new features and functions in version 12.5. You can quickly and easily renew through [our store](#), or you can email [sales@devolutions.net](mailto:sales@devolutions.net) and our sales team will put together a custom quote based on your unique needs.

And **if you're new to the Devolutions community**, welcome aboard! We invite you to try [RDM Enterprise](#) (version 12.5) free for 30 days. After your trial period expires, you can choose to purchase a license, or you can downgrade to our [Free RDM version](#) and use it for as long as you wish. If you want a quick rundown of the differences between RDM Enterprise and RDM Free, [read this blog post](#).

## Stay Tuned!

Although we're celebrating the launch of RDM 12.5, rest assured that we're not taking a vacation. We're already focusing on more improvements, including updates to our popular **new remote support tool Wayk Now**. Speaking of which, a [FREE version of Wayk Now is now available](#) for iPhone/iPad in the App Store. Plus, NEW versions of [Devolutions Server](#) and [Devolutions Web Login](#) are right around the corner!
